

2009 Board of Equalization Decisions

The 6,000 Arapahoe County Board of Equalization letters that were mailed on August 12, 2009 contain a clerical error. The first paragraph states "Pursuant to statute, the Arapahoe County Board of Equalization has reviewed a recommendation from the referee's regarding your 2008 valuation for assessment..."

This provision should read: "Pursuant to statute, the Arapahoe County Board of Equalization has reviewed a recommendation from the referee's regarding your 2009 valuation for assessment..."

The County Board of Equalization apologizes if this has caused confusion. They are addressing this issue. The Board of Assessment Appeals and the Assessors office have been notified of this clerical error and the Arapahoe County Board of Equalization decision letters will be accepted by their office.
