Assessor Ed Bosier encourages property owners to contact Arapahoe County if their home or business was damaged by last week's storm

Arapahoe County property owners are encouraged to contact the Arapahoe County Assessor's Office if they experienced residential or commercial property damage caused by last week's snowstorm.

"We know that there is a significant amount of storm damage in Arapahoe County," said Arapahoe County Assessor Ed Bosier. "We want citizens to know that they could experience some property tax relief, particularly if the property is not useable for an extended period of time."

Property owners should call the Assessor's Office at 303-738-7949 or 303-795-4602 as soon as possible to report damage to their commercial or residential property. The Assessor's Office will send out its Damage Assessment Team to determine if the damage is significant enough to lower the assessed value of the property.

For more information, contact the Assessor's Office at 303-738-7949.
