## **10.9.8.7. Arapahoe County launches new web site**

**[www.co.arapahoe.co.us](http://www.co.arapahoe.co.us) features new look, easier navigation and more info**

Fresh ideas. New look. Arapahoe County debuts a new and improved [www.co.arapahoe.co.us](http://www.co.arapahoe.co.us).

Arapahoe County's new web site offers better graphics, faster load time, easier navigation and more information about Arapahoe County by creating a site that gives residents and visitors a better sense of our government, our community and the services we provide.

Company 39, a local web design firm, was hired by the County's Public Information Office last year to design a web site that was simple to use and better reflected Arapahoe County government. The new design provides a variety of ways in which residents and visitors can find information about Arapahoe County, as well as the community.

In addition to our *Site Map*, we've added a *Glossary* section that defines our departments and programs – making it easier for those who are not familiar with County government to find what they need. Programs and services also are listed under *Departments*, and categorized under a separate *Services* section. We've added a *Community* section, which provides links to cities and towns, school districts, water districts, parks and recreation districts and libraries in Arapahoe County.

Under *About Us*, users will find bios and district maps for the Board of County Commissioners, links to the County's elected officials, historical information about Arapahoe County, maps and demographics.

The *Online Tools* section offers a "one-stop" shop of all the forms and online searches offered on our web site, and the *Info Library* section serves as a repository for all the County's printable documents available online, such as news releases, annual reports, comprehensive plan and financial information, to name a few. Drop down menus at the top of each page provide a quick look at the content available on the County's site.

Arapahoe County's web site is available at [www.co.arapahoe.co.us](http://www.co.arapahoe.co.us). Comments and feedback are always welcome and can be e-mailed to [info@co.arapahoe.co.us](mailto:info@co.arapahoe.co.us). For more information, contact the Public Information Office at 303-795-4284.
