Arapahoe/Douglas Works! camps out on campus to help student jobseekers

New campus workforce center offers career guidance and work opportunities for college students

Aurora, Colo. --- Arapahoe/Douglas Works! has opened its sixth workforce center in Arapahoe County: a part-time student workforce center located on the campus of the Community College of Aurora. The center offers free job referral services, training and placement assistance and career guidance for students age 16 and older enrolled at the college at 16000 E. CentreTech Parkway, Aurora.

“Bringing employment and jobseeker services to students on campus helps us bridge the gap between career guidance and actual employment opportunities,” said Patricia K. Buys, Manager of Arapahoe/Douglas Works!. “It also can open the door to part-time work possibilities for students who want to be self sufficient in college, by providing the tools and resources they need to search for jobs in one convenient location.”

The center is open 9 a.m. – 1 p.m., Monday through Thursday and is located in the Advisor’s Office in the A106C Administration Building. Students can use free Internet access and office machines to help them find work and research careers. For more information, contact Richard Gilstrap at 303-340-7575.
