## **Arapahoe County seeks comments on Front Range Airport Master Plan Update**

**Littleton, Colo.** - Arapahoe County is hosting a March 24 community meeting to review a revision to the Airport Influence Area Overlay District within the Zoning Regulations of the Land Development Code.

The request is being made as the result of the February 2004 "Airport Master Plan Update" prepared by Washington Group International, which included forecast general aviation activity for 2021 as well as potential air cargo. Contours were generated by the Federal Aviation Administration and reflected areas of Day-Night Level noise exposure. Consequently, there are modifications being made to the text and the map in order to accommodate the new data and requirements.

Citizens are invited to attend the meeting, which will be held 6:30 – 8:30 p.m., March 24 at Front Range Airport in the Authority Room, 5200 Front Range Parkway in Watkins.

For a complete copy of the proposed Amendment to the Zoning Regulations, please contact the Planning Division at 720-874-6500 or access the County website at [www.co.arapahoe.co.us](http://www.co.arapahoe.co.us) and link to the main page under What's New.
