South Tower Road Bridge construction to begin July 28

Aurora, Colorado – Arapahoe County will begin construction on the South Tower Road Bridge, south of East Orchard Road Monday, July 28.

ABCO Contracting will repair the bridge in two stages to maintain traffic during construction by keeping one lane of alternating traffic open throughout the duration of the project. Traffic will be controlled by two temporary signal lights located at the north and south ends of the bridge. Detour routes will not be necessary but local commuters can use East Caley Avenue to South Buckley Road for daily activities. Traffic delay will be minimal. Construction is expected to be finished by Friday, September 5.

If you have any questions, contact Willie Cuevas, CIP Field Engineer at 720-874-6500.
