Temporary road delays expected Dec. 12-14 on Quebec Street and Cherry Creek Drive South due to bridge girder placement

Aurora, Colorado – SEMA Construction Inc., a private contractor hired by Arapahoe County and the City of Denver, will be placing bridge girders Dec. 12 – 14 for the widening of the Quebec Street bridge over Cherry Creek.

Due to safety requirements associated with lifting the girders into place, traffic over the existing bridge will alternate one-way between 8:30 a.m. and 3:30 p.m. each day, with a 2 to 5 minute stoppage of all traffic on Quebec Street when each girder is unloaded off of the trucks.

It is recommended to avoid using Quebec Street from Iliff Avenue to Leetsdale Avenue each day. The contractor hopes to complete the work by early Thursday.

For more information, contact Brian Love, Assistant CIP Program Manager, at 720-874-6514.
