

Arapahoe County Open Spaces Acronym Cheat Sheet

The following abbreviations have been used in the ***Protect. Connect. Enjoy. Map*** (insert link: <http://gis.co.arapahoe.co.us/openspace>). Refer to them as needed.

This Map invites you to learn about all the new and improved parks, trails and open spaces in your neighborhood and across the County.

Many of the projects listed would not be possible without the support of the Arapahoe County Open Space sales tax program, which was generously approved by voters in 2003. For every \$100 spent in the County, a quarter is collected for the preservation of open space and outdoor recreation. For more information on each project, contact the local jurisdiction or recreation district.
