

A planning and measurement approach will be incorporated into the Transportation Plan in an effort to meet the Public Works' Strategic Priorities as identified from the Countywide Strategic Plan. Performance measures, measurement tools and targets will be identified to provide the County the ability to track and communicate the performance of the transportation system.

Category	Measure	Investment	County Public Works Strategy
MOBILITY MEASURES			
Travel Time	<ul style="list-style-type: none"> Travel time on primary corridors or between major origins/destinations 	<ul style="list-style-type: none"> Annual travel time survey program Permanent speed data collection 	Improve Services
Roadway Congestion	<ul style="list-style-type: none"> Traffic volume/threshold comparison 	<ul style="list-style-type: none"> Permanent count locations/cameras at signalized intersections Annual count program 	Improve Services
SYSTEM MANAGEMENT MEASURES			
Travel Demand Strategies	<ul style="list-style-type: none"> Program awareness 	<ul style="list-style-type: none"> Questions added to County's Citizen Survey 	Improve Internal and External Communication
Intelligent Transportation Systems (ITS) (Traveler Information)	<ul style="list-style-type: none"> Percentage of signals on County system 	<ul style="list-style-type: none"> Maintenance of County's signal database 	Improve & Align Processes
SAFETY MEASURES			
Key Intersections	<ul style="list-style-type: none"> Top 10 intersections (west) (Accidents per year, severity, rate) 	<ul style="list-style-type: none"> Annual updates of accident database ⁽¹⁾ Annual count program 	Improve & Align Processes
Primary Corridors	<ul style="list-style-type: none"> Top 10 corridors (east) (Accidents per year, severity, rate) 	<ul style="list-style-type: none"> Annual updates of accident database Annual count program 	Improve & Align Processes
IMPLEMENTATION MEASURES			
Projects Readiness	<ul style="list-style-type: none"> Number of intergovernmental agreements in place Number of developer cost share agreements signed 	<ul style="list-style-type: none"> Staff efforts to secure IGA's Staff efforts to negotiate developer agreements 	Optimize Use of Resources
Economic Development Potential	<ul style="list-style-type: none"> Acres of undeveloped lands served 	<ul style="list-style-type: none"> Updates to GIS land use database 	Optimize Use of Resources

⁽¹⁾ The County plans to purchase "Crossroads" accident database management software
